Notice from Comcast

Dear Sir or Madam:

We are writing to inform you of upcoming changes to our shipping and handling policies. Due to increased business costs, starting on August 8, 2017 the standard shipping charge for a self-installation kit will increase from \$9.95 to \$15.00. Customers have been notified of this change in their billing statement.

Please contact me should you have any questions concerning Comcast.

Sincerely,

Kevin Broadhurst
Comcast
